## How we propose conducting quarterly checkins in preparation for the train-the-trainer

### Using a quarterly questionnaire that asks:

Milestone 1: Code aligned with The KL Principles

- Do you have a completed code? Indicate the elements of The KL Principles that your completed code covers.
- If you do not have a completed code, then do you have a draft code? Indicate the elements of The KL Principles that your draft code covers. What is your plan and timeline to develop a completed code?

#### Milestone 2: Code approved/endorsed by association

- Where is your association in the process of approving/endorsing the code (or revisions to the code)?
  - Not in progress Why not? What challenges are you facing?
  - In progress Please describe (i.e., on upcoming agenda)
  - Completed

### Milestone 3: Preparedness to implement the code

- How prepared does your association feel to move to implementing your code, for example to training your member companies on compliance programs and best practices?
  - Very prepared
  - Somewhat prepared
  - Not very prepared
  - Not prepared at all

Progress measured against survey results sent in prior to Brunei

### Our GOAL is that by January 2013....

## Associations from all 21 APEC member economies will:

- ✓ **Achieve Milestone 1:** Code aligned with The KL Principles
- ✓ Achieve Milestone 2: Code endorsed/approved by association
- ✓ **Achieve Milestone 3:** Very prepared to move to implementing its code, specifically the 2013 Kuala Lumpur train-the-trainer workshop

# **Economies that meet all milestones will be recognized at the SME Ministerials**
